

DMG MORI Thailand Special Promotion

DMU 75 monoBLOCK

Only 1 unit
available

Stock Machine in
DMG MORI Thailand

Every component produced becomes an impressive masterpiece

1. monoBLOCK – Maximum stability from one casting
2. 5-axis simultaneous machining
3. Highly dynamic high-speed milling with spindle speeds up to 20,000 rpm
4. Large door opening of 1,310 and unique access to the working area, most compact machine with a footprint of just 8 m²
5. Stiff construction with high static masses and balanced moving parts

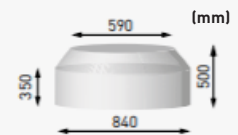

Specifications :

- + Universal Milling Center DMU 75 monoBLOCK
- + DMG MORI SLIMline® Multi-Touch Control (SIEMENS)
- + Motor spindle speedMASTER® 20,000 rpm
- 3 years warranty for inlineMASTER® spindle
- + Spindle taper for HSK-A63
- + Renishaw Touch Probe kit
- + Blum Laser DIGILOG (Tools Length and Diameter measure)
- + 3D quickSET
- + Production package
 - Internal coolant supply 40 bar(23l/min)
 - Chip conveyor (scraper type)
 - Spray pistol for chip rinsing
 - External electric hand wheel
 - Signal lamp with 4 colors
- + Oil and emulsion mist separator
- + Tropical package
- + Safety package for power failure

DMU 75 monoBLOCK

Top performance in the field of turning centres

Trabel X/Y/Z	750 / 650 / 560 mm
Table size	Φ 650 mm
Maximum load	600 kg
Workpiece dimensions
